

THE YEAR OF SQUIRRELING :

2017 involved a lot of preparing for the future. We learned that we could not get a permit to expand the chimp house until we relocated our driveway, so we took advantage of an opportunity to acquire the neighboring property. This gave us a new access point, brought the total sanctuary property to 90 acres, granted us exclusive rights to the onsite well, and created a buffer to the north.

Meanwhile, we squirreled away extra funds from donations and applied them to the **Bring Them Home Campaign for Expansion**. Then we waited for the permits to come in so that we could begin Phase I of the chimpanzee building expansion.

WHAT THE CACHE WILL BRING :

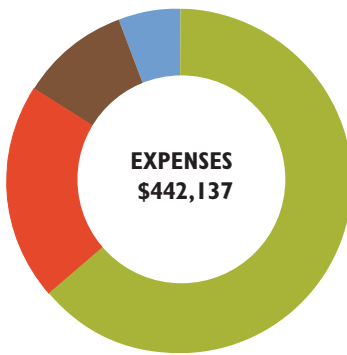

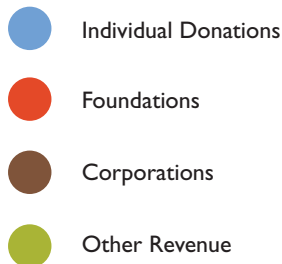

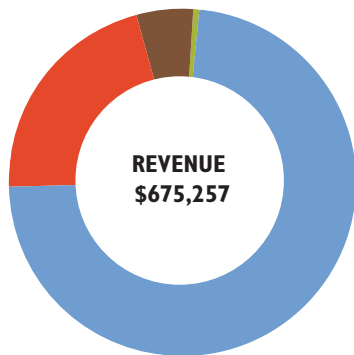

All of that squirreling and planning will pay off starting in the summer of 2018 with Phase I of the chimpanzee building expansion. Phase I comprises more space for human volunteers, interns, and staff to prepare enrichment and do laundry; an improved veterinary clinic with recovery space for chimpanzee medical care; and two rooms that will serve as future quarantine and introduction space for new chimpanzees coming to the sanctuary.

IT'S ALL BECAUSE OF YOU :

As we look to the future, the daily care of the current chimpanzees at the sanctuary is always the top priority. Burrito is the youngest chimpanzee at 35, but this elderly group remains healthy, active, and more adventurous than ever. Annie, Burrito, Foxie, Jamie, Jody, Missy, and Negra are a true testament to the power of sanctuary. Your donations make their lives at Chimpanzee Sanctuary Northwest possible. Thank you for continuing to support the present and future of the sanctuary!

*Diana Goodrich & J.B. Mulcahy, Co-Directors
and Caitlin Hawks, Board President*

2017 Financials : CONSOLIDATED STATEMENT OF FINANCIAL POSITION

Our Mission : Chimpanzee Sanctuary Northwest provides lifetime quality care for formerly abused and exploited chimpanzees while advocating for great apes.
