

CHIMPANZEE  
SANCTUARY  
NORTHWEST

ANNUAL  
REPORT  
2018

## MISSION

Chimpanzee Sanctuary Northwest provides lifetime quality care for chimpanzees and works to educate the public about the plight of primates worldwide.

## 2018

### WHAT WAS ACCOMPLISHED

Construction of Phase 1 of the *Bring Them Home* expansion has begun! This will provide a veterinary clinic, quarantine and introduction facilities for new chimpanzees, an enrichment area, and more space for staff, volunteers and interns to provide care for the chimpanzees. The sanctuary also welcomed four non-primate residents. Rescued cows Betsy, Honey, and Meredith and steer Nutmeg will graze much of the 90 acre property, aiding in fire prevention.

### WHAT LIES AHEAD

The building of Phase 1 will continue into 2019 with the potential to welcome new chimpanzee residents before the end of next year. Focus will also turn towards planning, permitting, and further fundraising for Phases 2 and 3 of construction - two large indoor playrooms and two indoor-outdoor greenhouses.

## THANK YOU

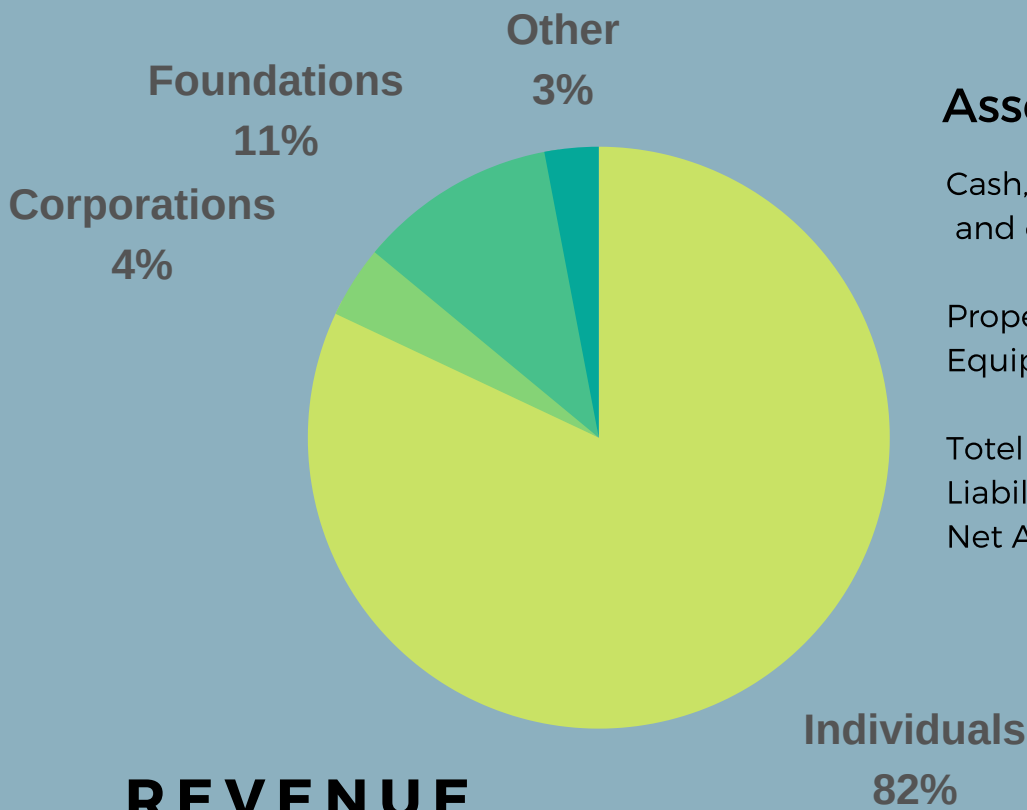

Chimpanzee Sanctuary Northwest exists due to the support of individuals and family foundations and continues to reach lofty goals because of loyal donors near and far. You have brought this sanctuary from humble beginnings to a model sanctuary in the midst of a multi-phase expansion. Thank you to everyone who has contributed money, time, services, and advice. Your support results in happy, healthy chimpanzees who seek out new adventures every day.

*Diana Goodrich & J.B. Mulcahy, Co-Directors  
and Caitlin Hawks, Board President*
